

THE NEW BOSS

THIS BOSS WORKS FOR YOU.

BROADBAND OPERATION SUPPORT SYSTEM

Purchase only the services you need and BOSS delivers them as one integrated solution.

No setup needed

No software to buy

No hardware to install or maintain

No specialized expertise required

MAKE YOUR JOB EASIER.

As a service provider, you need the best back office tools to help your company better compete and grow. BOSS puts your business right at your fingertips -- through a single interface.

DO IT YOUR WAY.

BOSS is flexible. Get the full platform or simply add the components you wish. Either way, BOSS brings it all together.

FORGET THE FINANCIAL OUTLAY.

BOSS is a unique pay-per-use platform that is easily and immediately affordable. You'll only pay for services you use, allowing you to manage your overall business more effectively.

With BOSS working for you, you will be able to:

- ▶ Increase revenue by delivering new services or taking on more business
- ▶ Manage your business and your network through one interface
- ▶ Better serve your customers through streamlined operations
- ▶ Improve your bottom line

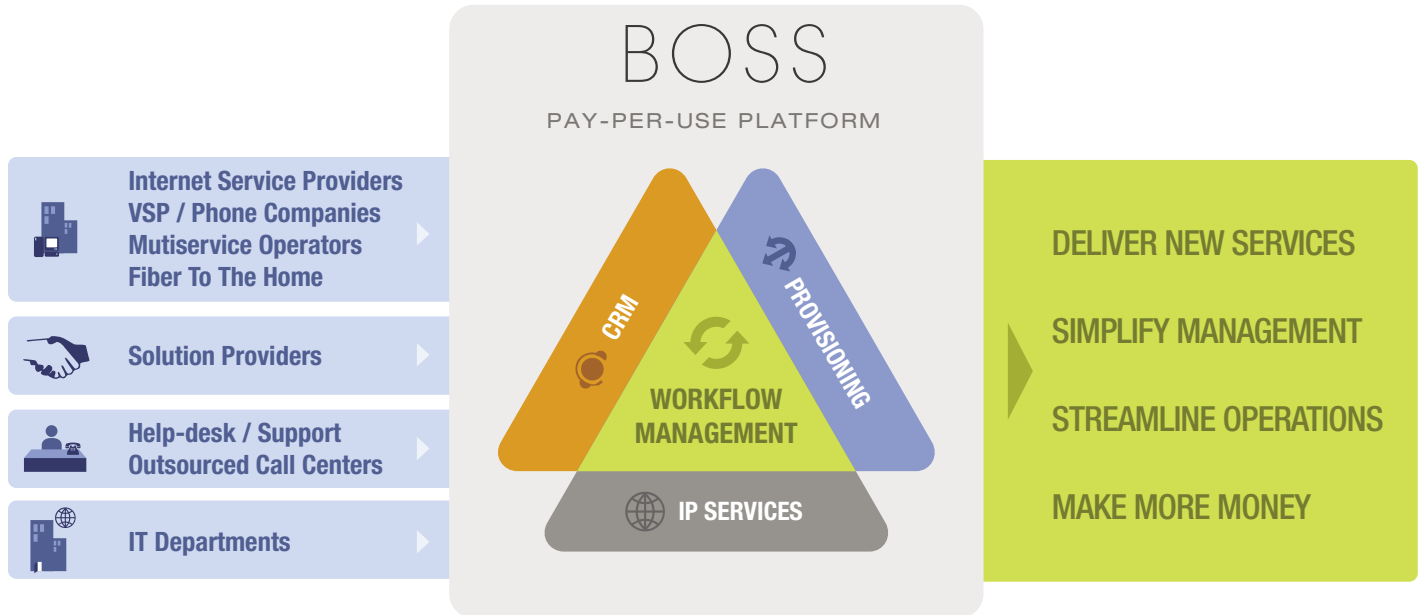

Let BOSS make your job easier.
